

OGDEN DEPARTMENT

OFFICE—2562 WASHINGTON AVENUE. PHONES 664 AND 1896.
Office Hours—8 a. m. to 10:30 a. m.; 3 p. m. to 8 p. m.RECLAMATION HEADS
TO HOLD CONFERENCEOfficials Make Brief Stay in
Ogden En Route to Carson,
Nevada, for Meeting.

Special to The Tribune.

OGDEN, Sept. 1.—Headed by F. H. Newell, director of the United States reclamation service, all of the reclamation supervisors in charge of the western districts assembled in Ogden today preliminary to an important conference which will be held at Carson, Nev., within the next few days. It will be attended by Franklin K. Lane, secretary of the interior. During their brief stay in Ogden today, the reclamation officials visited with District Forester E. A. Sherman of the Fourth forest district.

In addition to Director Newell, who has attained an international reputation in matters pertaining to the reclamation of arid lands, the party was composed of P. P. Davis, chief engineer of the reclamation service with headquarters at Denver, and Morris Blen, legal representative of the reclamation service with headquarters at Washington, D. C.

Upon the return to this city the party will proceed to Lake Tahoe for the meeting with Secretary Lane. The conference there will have to do with the Truckee-Carson reclamation project.

STRICTLY UP TO DATE.

OGDEN, Sept. 1.—An electric churn, with which fresh butter will be manufactured daily for the exclusive use of club patrons, and another electric device for the preparation of fresh cider from luscious Utah apples, will be included in the kitchen equipment of the Weber club when the organization is housed in its new home on the fifth floor of the Klondike building. The contract for a complete refrigerating plant has been awarded to an eastern company.

According to the officers of the club, the refrigerating plant will be one of the modern appliances of manufacture. There will be three cooling chests, with the temperature ranging from 25 to 40 degrees. The plant will also be connected with a system which will make it possible to cool all of the fifth floor rooms during the summer months.

Within the next few days Hugo Clausen, a decorator of recognized ability, will begin his work on the interior decorations of the new club. He has already engaged in redecorating the home of Mrs. David Eccles at a cost of about \$15,000.

FALLS SIXTY FEET, LIVES.

OGDEN, Sept. 1.—Olaf Farr, aged 19 years, son of Isaac Farr, 1237 Steele avenue, fell sixty feet over the edge of a cliff in Waterfall canyon, east of the city, at 3 o'clock this afternoon, and escaped with injuries which are not regarded as serious. Accompanied by Barney and Earl Belpap, Farr was on a hunting expedition in the mountains. When he missed his footing and plunged headlong over the cliff, his companions found him unconscious on a pile of rocks sixty feet below.

Summoning aid from the nearest farmhouse, the young man was rushed to the Dee hospital, where it was found that his injuries consisted of cuts and bruises. It is believed that no bones were broken. The attending physician believes that Farr will be able to leave the hospital in a few days. The young man's fall was evidently broken by shrubbery and branches of trees.

Retained by the state of New York, this afternoon a crank tried to enter his room, but was turned away. Alexis Dupis, justice of the peace and just now the most talked of man in Ogden, is in the city. He is going to the commitment on which Thaw is held, issued a statement tonight saying with some heat that if the commitment were defective, as has been contended, it was not his fault, but that of Hector Verret, counsel for the Matteawan asylum, who drew it up.

Thaw sent the Protestant and Catholic booths at the Sherbrooke fair each a check for \$50 today.

He spent a very quiet day, receiving few visitors.

BODY OF ROBBINS
TAKEN FROM WATERYouth Was Drowned in Ogden Canyon Reservoir When
Horse Ran Away.

Special to The Tribune.

OGDEN, Sept. 1.—Within thirty minutes after Sheriff T. A. DeVine and others had arrived on the scene with grappling hooks, the body of Wilbur Robbins, who was drowned in the Ogden canyon reservoir of the Utah Light & Railway company last midnight, had been recovered from a spot within a few feet of the point where his horse and buggy went over the embankment. Because of the damage to the telephone by lightning, it was twenty-two hours before word of the accident reached the sheriff's office in this city.

Accompanied by Ernest Shupe, aged 21 years, and Orvil Shupe, 19, cousins, Robbins was on his way home to Eden. For several miles the trip had been made through a driving rain, accompanied by thunder and lightning. At a point 100 feet east of the dam the horse, frightened by a vivid flash and rain, plunged directly off the embankment into ten feet of water.

The Shupe boys are not able to explain what happened to Robbins. All three occupants of the buggy, together with the vehicle and horse, were submerged. The horse was pulled to the surface, but even then the body of Robbins failed to come to the surface. The body was brought to the Larkin undertaking rooms in this city at 5 o'clock. Deputy Sheriff J. L. Hobson, City Detective Tom Burk and Chauffeur Frank Pierce engaged in the search with Sheriff T. A. DeVine.

Robbins, who was 21 years of age, was unmarried and a son of Mrs. Elizabeth Thompson Robbins, residing at Scipio, Millard county, Idaho. Besides the mother, he is survived by several brothers and a sister, one of the brothers, Glen D. Robbins, residing at Eden. The young man came to this city to visit his father, who was on a visit with relatives in Eden. He secured work and was residing at the home of Ernest Shupe.

The body will be taken to Scipio tomorrow for interment.

VETERAN MUSICIAN DIES.

OGDEN, Sept. 1.—Another pioneer of Weber county was claimed by death today when J. Alma Brown, aged 85 years and a member of the well-known Brown family of Ogden, died at the home of his daughter, Mrs. Annie Brown, at Taylor avenue and Thirty-third street in this city.

Six weeks ago he went to the home of his daughter in Davis county for a few days, but was forced to remain there when he suffered an illness due to the infirmities of age. With the death of Alma Brown, the father of the family at his bedside, death resulted at 3 o'clock this morning.

Born in Illinois on October 6, 1844, Mr. Brown came to Utah with his family in 1860. He was one of the early residents of this section as a pioneer musician, furnishing violin music for the amusement of the dances which were held in the settlement days.

Surviving him are four daughters, Mrs. Pauline Anderson, Mrs. Mary Johnson, Mrs. Anna Brown, and Mrs. Elizabeth Miller, seven brothers, T. S., M. S., John, George, William, Edward and Wesley Brown, and three sisters, Mrs. H. F. Garner and the two wives of President C. F. Middleton.

The body was brought to the Larkin undertaking rooms, where it will lie in state until the hour of the funeral on Wednesday. The friends may view the body until 9 p. m. Tuesday and between the hours of 10 a. m. and 3 p. m. Wednesday. The funeral services will be conducted in the Ninth ward chapel at 2 o'clock Wednesday afternoon. Bishop W. F. Stead in charge. Interment in the Ogden City cemetery.

MAY NUMBER FARMHOUSES.

OGDEN, Sept. 1.—As the result of a plan which is being backed by the Real Estate Dealers association of this city, the Weber county commissioners are being urged to provide for the naming of county roads and the numbering of the houses in the country districts.

The scheme, while a novel one, is pointed out by the real estate men as one which is replete with good points.

Their plan is to assign 1000 numbers to each mile of road, using the odd numbers on the west or south side of the highway and the even numbers on the east or north side, such as is done in the city. The county courthouse, on the case of this city, the heart of the business district, would be used as the central point of starting place of all numbers.

According to this plan the number of a house in the country would indicate its exact distance from the courthouse. It is demonstrated that a house at No. 5750 Ogden canyon road would be located five and three-fourths miles from the courthouse on the principal highway to the east. The plan, it is shown would be equally effective in the case of a road where a road has no name which is familiar to the general public. It is recommended that the residents circulate a petition providing an appropriate name.

Considered unofficially by the members of the board, the commissioners are said to look upon the plan with favor. It would mean that the country district could be covered by a stranger just as easily as he covers the city by the aid of a street directory. It would also include hundreds of additional names in the present editions of the city directory.

Storm Cripples Signal Service.

OGDEN, Sept. 1.—Several miles of electric block signal equipment on the Wyoming division of the Union Pacific was put out of commission last night as the result of a severe electric storm, which continued for several hours. The rainfall, according to reports, was 3.0 inches. Property was equal to that in this city on Saturday, but did not descend in the form of a cloudburst, thus eliminating damage from washouts. The Saturday storm did not extend beyond Morgan.

Wildcat Near Ogden.

OGDEN, Sept. 1.—There is an opportunity for local hunters to engage in a regular hunt for real wildcats within reach of the electric lines, according to Special Officer William Reast. While making a trip to the canyon early this morning on a car in charge of D. C. Morby and C. L. Fisher, Officer Reast and the crew sighted a full-grown wildcat on the right-of-way near the Peery camp. Before the patrolman could get his revolver into play the cat leaped into the underbrush of the mountains.

BRIGHAM ROBINSON
IS INSTANTLY SLAIN

Special to The Tribune.

OGDEN, Sept. 1.—Brigham M. Robinson, aged 52, a resident of Ogden for the past twenty years, was accidentally shot and instantly killed by his stepson, Ernest Stone, aged 20, at the family home, corner of Second street and Washington avenue, in Five Points, at 10 o'clock tonight after a hunting and fishing party in the mountains. All members of the party were grouped about the wagon when it arrived at the home. Mr. Robinson and his wife standing at the rear of the vehicle.

As the stepson, who was standing at the side of the wagon, raised the shotgun from the body of the vehicle, it was accidentally discharged and Mr. Robinson fell to the ground with the fatal wound in his breast. His wife was not injured. A physician arrived within a few minutes from a drug store across the street, and announced after examining the body, that Mr. Robinson's death had been instantaneous. The body was removed to the Larkin undertaking rooms.

Mr. Robinson conducted a saloon at Five Points for many years and later was proprietor of the Ogden sanitarium, being in charge as manager when it was burned last spring. He was also president of the Ogden Medical Springs company and owner of the property at the time of his death. He is survived by the widow, one son and one daughter. The brother, Brigham Robinson, Sr., and one brother reside in Coalville.

LITTLE GIRLS MISSING.

OGDEN, Sept. 1.—Beatrice Bond, aged 10, and Ruby Bond, aged 11, daughters of David and Mary Bond, 124 Thirtieth street, and Nellie Stratton, daughter of John Stratton, 206 West Thirtieth street, have not been seen since 10 o'clock this morning. The girls are thought to have wandered into the mountains in the vicinity of Weber canyon. Members of the two families, together with deputy sheriffs and neighbors, have been searching since noon today in all the territory south of the city, without having found trace of the girls at midnight.

The girls left their homes at 9 o'clock Sunday morning to attend a Sunday school in the First ward chapel. Instead of going to the chapel, they decided to visit relatives. They went to Clinton, six miles southwest of the city, arriving at the home of Henry Bybee in the late afternoon. After spending the night at the home of Martha Hadlock, they visited with Mrs. Ruby Davis, a niece of Mrs. Bond, and this morning at 10 o'clock they set out for their homes in this city.

An hour later they were seen at South Weber, but no further trace of them has been found since that time.

WANTED MEN ARRESTED.

OGDEN, Sept. 1.—On information furnished by Ralph Racker, who was arrested last Friday, the police arrested tonight Ralph Lahay, Frank Powell and George Black, all believed to be members of a gang which has been guilty of many holdups in Ogden and Salt Lake during the past several weeks.

Racker was arrested on description furnished by two Chinamen who were held up and robbed last Wednesday night. When questioned by the police, he declared that the other three, with himself, constituted the members of the gang.

According to the police, all four men were implicated in the robbery of the Sunrise hand laundry early last Thursday morning. A few hours after the robbery of the men had been telegraphed to several western cities. Detectives Robert Burke and Robert Chambers arrested the four men in the city of Salt Lake on Twenty-fifth street and Washington avenue.

QUIETLY OBSERVE DAY.

OGDEN, Sept. 1.—Other than the outing of the union men and their families in Ogden canyon, there was no celebration of Labor day in Ogden today. With a general cessation of business, the downtown district presented a Sunday appearance after the noon hour. The grocers and butchers affiliated with the Ogden Retail Merchants association closed their stores and shops at noon, while the dry goods and clothing establishments were closed throughout the day.

The celebration in the canyon did not attract the crowd expected by the members of the general committee. Not more than 1000 persons spent the late afternoon and evening in the Hermitage grove, where a programme of sports and dancing furnished entertainment. Several hundred persons took advantage of the opportunity to spend the day at the outdoor resorts, which will be closed for the 1913 season after today.

Special precautions were taken by the Ogden Rapid Transit company to prevent a repetition of the accident which marred the purple day celebration on July 4. Instead of operating motor cars with trailers, single cars were operated on a ten-minute schedule when the traffic required it. No accidents occurred.

Given Ten-Minute Service.

OGDEN, Sept. 1.—The new schedule of increased car service on the Washington avenue line of the Ogden Rapid Transit company will go into effect tomorrow morning. From 6 to 7:30 a. m. the old fifteen-minute schedule will be effective. The cars will then be operated on a ten-minute schedule until 5:30 o'clock in the evening, after which hour there will be cars every fifteen minutes.

Veteran Conductor Dies.

Special to The Tribune.

OGDEN, Sept. 1.—Larry Larsson, a veteran conductor of the Oregon Short Line and well known both in Pocatello, Idaho, and Ogden, died at his home in Pocatello last night after long illness. For the past six years he had been a sufferer from stomach trouble. Born in Sweden on May 23, 1851, Mr.

ONE OF 300 SALT
LAKE CITY FIGHTERSMr. Robert Reid, Soldier of Experience, Tells of Events to
Plant Juice Man.

One of Salt Lake City's 300 young men who took part in the Spanish-American war was Mr. Robert Reid, whose home is at 571 South Fourth East. He was a member of battery B, light artillery, and has a fine military record. He served with distinction under General Grant in the Philippines during the campaign of 1898 and 1899. Mr. Reid is very enthusiastic about Plant Juice, the new tonic that is creating widespread interest throughout the country.

"The Plant Juice is the finest thing that I have ever known to build a man up, take the malaria out of him and clean him out generally. Since the war days I have suffered with dyspepsia and other stomach troubles. It has been something fierce at times. I have never found anything to give me such relief as your Plant Juice. It is the right kind of relief, too, for one can feel that it is removing the cause of the troubles. It has toned me up in fine shape and made me feel fine. I am recommending it to all my friends."

People in all walks of life and Plant Juice highly effective. Its cleansing corrective effects are marvelous. It is an absolute specific for all diseases of the stomach, kidneys, liver and blood. No matter if chronic or of long standing, you will find relief and permanent cure in Plant Juice. Those who are debilitated, run down, nervous, dyspeptic, constipated, suffer with rheumatism, catarrhal troubles, are bilious, or have liver or kidney complaints, should lose no time in trying it. Call on Schramm-Johnson at their No. 5 store and get a bottle. It will do you more good than anything you have ever taken. (Advertisement.)

Larsson came to Utah when a boy. For many years he was a conductor on the O. & N. with headquarters in Ogden, afterward engaging in farming at Rupert, Idaho. In 1910 he removed with his family to Harrisville, where he is now a widow and three children. Arrangements for the funeral have not been completed.

Hail Damages Peaches.

OGDEN, Sept. 1.—The harvesting of peaches in the Sandridge and Wilson districts has brought out the fact that orchards in that locality suffered more severely than those to the north and south from the hail which fell during the Saturday downpour. It was noted during the storm that the hail was larger and descended in greater quantity immediately west of the city. Nearly 80 per cent of a wagonload of peaches brought in this morning from the Sandridge district were damaged by hail.

Plant Is Nearly Ready.

OGDEN, Sept. 1.—In preparation for a resumption of operations at the Twelfth street plant of the Utah Light & Railway company, the day, the day, in Ogden canyon were closed on Saturday. Today it was reported that the water above the dam had reached a depth of nearly twelve feet in the dredged reservoir. Within the next few days the water will be turned into the pipe line and it will be possible to again generate current at the local station.

MOTHER
SO POORLY

Could Hardly Care for Children — Finds Health in
Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N. Y. — "For six years

I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my back and was so poorly that I could hardly take care of my two children. I doctored with several doctors but got no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women."

Mrs. WILLARD A. GRAHAM, Care of ELDSWORTH TUTTLE, Bovina Center, N. Y.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for women's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
